br	brief report
chr	PHS chronicles
e	editorial

This index to PUBLIC HEALTH REPORTS is divided into a subject index and an author index. The subject index has one or more entries for each item published. In addition to the subject headings, categorical headings include ABSTRACTS, DATA LINE, EDITORIALS, PHS CHRONICLES, and PUBLICATION ANNOUNCEMENTS AND REVIEWS.

SUBJECT INDEX

ABSTRACTS

cash subsidies to medically indigent women: incentive for use of prenatal care. 175
Centennial Park—a public playground for the handicapped. 173
childhood obesity: school-based nutrition and exercise intervention. 179
cross-cultural AIDS teaching teams can reach diverse Asian groups. 176
a depression program for Korean Americans in Los Angeles. 177
encouraging screening for cancer among women 50 years and older. 184
a health oriented physical education program for children. 180
HIV education model for adolescents and preadolescents. 180
med students, community join in Cherokee model to prevent child injury. 173
mobile unit screening for prostate cancer among inner-city elderly. 183
nutrition support group—a student project in public housing complex. 179
a peer educator STD prevention project for women students. 181
pictorial paradox: reminiscence therapy for nursing home elderly. 178
preconception counseling workshop aims to prevent high-risk outcomes of pregnancy. 176
a proposal to use neighborhood pharmacists as immunization advocates. 174
reducing repetitive motion injuries with preventive ergonomic strategies. 182

ABUSE, PHYSICAL

health care barriers and interventions for battered women. a 328
infants and toddlers exposed to violence subject of new report. br 459

ABUSE, SUBSTANCE

admissions of injection drug users to drug abuse treatment following HIV counseling and testing. a 212
behavioral risk factors of Chippewa Indians living on Wisconsin reservations. a 820
cable's Home Box Office and Johnson Foundation join in drugs campaign. br 830
drug use occupies emergency rooms, public opinion polls. br 586
implications of directly observed therapy in tuberculosis control measures among IDUs. a 319
International Journal of the Addictions seeks input for special issue. br 718
journal seeks manuscripts on mental disorder, substance abuse tie-in. br 461
lower legal blood alcohol limits for young drivers. a 738
Native Americans get $2.2 million to fight substance abuse. br 460
NIAAA report says U.S. drinking problem ebbs. br 145
1992 emergency room visits for drug treatment increased by 10 percent. br 145
OTA examines role of biological factors in substance abuse. br 460
prevalence of illicit drugs detected in the urine of women of childbearing age in Alabama public health clinics. a 530
the sale of alcoholic beverages to minors. a 816
sexual risk behavior of incarcerated drug-using women, 1992. a 539
social and legal factors related to drug abuse in the United States and Japan. a 731
substance dependent American Indian veterans: a national evaluation. a 235
U.S. drug abuse level unchanged, survey shows. br 829

ACCESS TO HEALTH CARE

developing health education materials for inner-city low literacy parents. a 168
grants to 11 communities target cultural barriers to health care. br 462
HRSA issues new profile of Hill-Burton Program. br 590
national health overview shows one in five without health insurance coverage. br 713
progress on the childhood immunization initiative. a 594
rural health projects get $24.6 million. br inside back cover March–April
the urban American Indian oversample in the 1988 National Maternal and Infant Health Survey. a 243

ADOLESCENTS

cable's Home Box Office and Johnson Foundation join in drugs campaign. br 830
comparison of HIV risk behaviors and demographics of adolescents tested or not tested for HIV infection. a 699
drug use occupies emergency rooms, public opinion polls. br 586
evaluation of the consensus health status indicator for assessing adolescent pregnancies and births. a 579
health care reform education campaign targets 'generation x.' br 590
HRSA approves HIV–AIDS grants for adolescents, Native Americans. br 149
lower legal blood alcohol limits for young drivers. a 738
a peer education program to promote the use of conflict resolution skills among at-risk school age males. a 158
the relationship between language spoken and smoking among Hispanic-Latino youth in New York City. a 421
the sale of alcoholic beverages to minors. a 816
school-based programs to reduce sexual risk behaviors: a review of effectiveness. a 339

AIDS (*see also* HIV INFECTION)

the AIDS prevention magic show: avoiding the tragic with magic. a 162
building a community-based consortium for AIDS patient services. a 555
cross-cultural AIDS teaching teams can reach diverse Asian groups. abs 176
HRSA approves HIV–AIDS grants for adolescents, Native Americans. br 149
HRSA awards cities $160 million in Ryan White AIDS grants. br 304
the impact of providing incentives for attendance at AIDS prevention sessions. a 548
NLM offers free access to electronic AIDS data. br inside back cover March–April
WHO AIDS book describes 'images of the epidemic.' br 590
WHO AIDS program director calls for revamping of medical education. br 150

ALASKA NATIVE

epidemiology of fetal alcohol syndrome in American Indians, Alaskan Natives, and Canadian Aboriginals peoples: a review of the literature. a 688
rural physician assistants: a survey of graduates of MEDEX Northwest. a 266
the urban American Indian oversample in the 1988 National Maternal and Infant Health Survey. a 243

ALCOHOL

behavioral risk factors of Chippewa Indians living on Wisconsin reservations. a 820
epidemiology of fetal alcohol syndrome in American Indians, Alaskan Natives, and Canadian Aboriginals peoples: a review of the literature. a 688
lower legal blood alcohol limits for young drivers. a 738
NIAAA report says U.S. drinking problem ebbs. br 145
the sale of alcoholic beverages to minors. a 816
substance dependent American Indian veterans: a national evaluation. a 235
U.S. drug abuse level unchanged, survey shows. br 829

ASIAN AMERICAN

cross-cultural AIDS teaching teams can reach diverse Asian groups. abs 176
a depression program for Korean Americans in Los Angeles. abs 177
new Asian American and Pacific Islander Journal of Health makes appearance. br 150

BEHAVIOR

behavioral risk factors of Chippewa Indians living on Wisconsin reservations. a 820
comparison of HIV risk behaviors and demographics of adolescents tested or not tested for HIV infection. a 699
risk behavior for HIV transmission among gay men surveyed in Seattle bars. a 563
sexual risk behavior of incarcerated, drug-using women, 1992. a 539
U.S. drug abuse level unchanged, survey shows. br 829

BICYCLE HELMETS

rates of bicycle helmet use in an affluent Michigan county. a 296

BIRTH WEIGHT

money isn't everything: rural physicians identify other factors that facilitate providing prenatal care for low-income women. a 441
prenatal care needs assessment comparing service use and outcomes in Fresno, CA. a 68

BLACKS (*see also* MINORITIES)

a case study in the use of race and ethnicity in public health surveillance. a 46
cholesterol screening in a community health promotion program: epidemiologic results from a biracial population. a 93
the impact of the April 1992 civil unrest on the Los Angeles REI WIC program and its participants. a 606
increasing the pool of qualified minority medical school applicants: premedical training at historically black colleges and universities. a 77

BURNS

prevalence of risk factors for residential fire and burn injuries in an American Indian community. a 702

CANADIAN ABORIGINALS

epidemiology of fetal alcohol syndrome in American Indians, Alaskan Natives, and Canadian Aboriginals peoples: a review of the literature. a 688

CANCER

cancer control planning and establishment of priorities for intervention by a state health department. a 791
dramatic increase in thyroid cancer among Chernobyl children. br 303
education of rural physicians about breast cancer through an oncology outreach program. a 804
$18.4 million to states for breast and cervical cancer screening. br 149

experts predict vaccine for cervical cancer; FDA warns of breast drug. br 587
factors influencing the return rate in a direct mail campaign to inform minority women about prevention of cervical cancer. a 507
medical community involvement in a breast cancer screening promotional project. a 491
NCI offers fellowships in cancer prevention. br 588
a nurse-delivered intervention to reduce barriers to breast and cervical cancer screening in Chicago inner city clinics. a 104
peer discussions of cancer among Hispanic migrant farm workers. a 512
the urban church and cancer control: a source of social influence in minority communities. a 500

CENTERS FOR DISEASE CONTROL AND PREVENTION (CDC)

applications of data from the CDC Family of Surveys. a 204
the Centers for Disease Control and Prevention issues plan to address emerging infectious diseases. inside back cover September–October
CDC–ATSDR Workshop on the Use of Race and Ethnicity in Public Health Surveillance, March 1–2, 1993. a 4–52

CHICKENPOX

age-specific incidence of chickenpox. a 750

CHILDREN

age-specific incidence of chickenpox. a 750
Centennial Park—a public playground for the handicapped. abs 173
characterizing nutrient intakes of children by sociodemographic factors. a 414
childhood obesity: school-based nutrition and exercise intervention. abs 179
developing health education materials for inner-city low literacy parents. a 168
dramatic increase in thyroid cancer among Chernobyl children. br 303
evaluation of oral rehydration therapy in Matiguas, Nicaragua. a 428
foster care of HIV-positive children in the United States. a 60
hazardous bedding may cause some cases of sudden infant death. br 459
high prevalence of overweight and short stature among Head Start children in Massachusetts. a 767
infants and toddlers exposed to violence subject of new report. br 459
keep up the progress on childhood immunization. e 593
med students, community join in Cherokee model to prevent child injury. abs 173
NICHD establishes network to test children's drugs. br 302
a peer education program to promote the use of conflict resolution skills among at-risk school age males. a 158
prevalence of medical technology assistance among children in Massachusetts in 1987 and 1990. a 226
progress on the childhood immunization initiative. a 594
a proposal to use neighborhood pharmacists as immunization advocates. abs 174
symposium report. Nutrition at school: preparing for the future. a 706

CHOLESTEROL

cholesterol screening in a community health promotion program: epidemiologic results from a biracial population. a 93

COMMUNICABLE DISEASES (*see* INFECTIOUS DISEASE, HIV INFECTION, SEXUALLY TRANSMITTED DISEASES)

COMMUNITY HEALTH CENTERS

a community project to encourage compliance with mental health treatment aftercare. a 153
implications of directly observed therapy in tuberculosis control measures among IDUs. a 319
mammography and Pap smear screening of Yaqui Indian women. a 99
new NGA study examines Medicaid reimbursement for state, local clinics. br 463
a nurse-delivered intervention to reduce barriers to breast and cervical cancer screening in Chicago inner city clinics. a 104
a rural-urban comparative study of nonphysician providers in community and migrant health centers. a 809

COMPUTER APPLICATIONS

conference report: microcomputers and the future of epidemiology. a 439
the EPIGRAM computer program for analyzing mortality and population data sets. a 118
new full-text retrieval service offers clinical practice guidelines. br 716
privacy of health data needs stronger protection in emerging systems. br 718

CONTRACEPTION

NICHD funds studies of contraceptive vaccines. br 302
perceived versus actual condom skills among clients at sexually transmitted disease clinics. a 683

COSTS

assessing prevention effectiveness using data to drive program decisions. a 187
defining and measuring the costs of the HIV epidemic to business firms. a 311
estimated savings in U.S. dental expenditures, 1979–89. a 195

DATA BASES AND DATA FILES

applications of data from the CDC Family of Surveys. a 204
the EPIGRAM computer program for analyzing mortality and population data sets. a 118
National Library of Medicine offers new data base for research. br 461
new full-text retrieval service offers clinical practice guidelines. br 716
NLM offers free access to electronic AIDS data. br inside back cover March–April
privacy of health data needs stronger protection in emerging systems. br 718

states channel data resources to health care policy efforts. br 147

DATA LINE (National Center for Health Statistics)

143, 450, 592, 713, 827

DEAF PERSONS

HIV education for the deaf, a vulnerable minority. a 390

DENTAL HEALTH

celebrating 75 years of the Dental Corps; origins and early years of service. chr 710
estimated savings in U.S. dental expenditures, 1979–89. a 195
oral health clearinghouse established for special care dental patients. br 464
public knowledge of prevention of dental disease. a 397
revolutionary new procedure for treating dental caries unveiled. br 719

DENTISTS

celebrating 75 years of the Dental Corps; origins and early years of service. chr 710
a community view of smoking cessation counseling in the practices of physicians and dentists. a 135
estimated savings in U.S. dental expenditures, 1979–89. a 195
revolutionary new procedure for treating dental caries unveiled. br 719

DEPARTMENT OF HEALTH AND HUMAN SERVICES (HHS)

HHS, Johnson Foundation fund programs to produce more general physicians. br 588

DIABETES

the health burden of diabetes for the elderly in four communities. a 782
lifestyle changes linked to global increase in diabetes, experts say. br 831

DIET

characterizing nutrient intakes of children by sociodemographic factors. a 414
childhood obesity: school-based nutrition and exercise intervention. abs 179
the impact of the April 1992 civil unrest on the Los Angeles REI WIC program and its participants. a 606
NIH panel urges increase in adult calcium intake. br 715

DISABLED

Centennial Park—a public playground for the handicapped. abs 173
measuring the health related quality of life for public health surveillance. a 665
President's committee publishes information on disabilities act. br inside back cover, March–April
rehabilitation in the nursing home: how much, why, and with what results. a 372

DISASTERS

dramatic increase in thyroid cancer among Chernobyl children. br 303
the impact of the April 1992 civil unrest on the Los Angeles REI WIC program and its participants. a 606
the PHS response to the Midwest floods. br 146
primary health care and the Midwest flood disaster. a 601

DRUG ABUSE (*see* ABUSE, SUBSTANCE)

DRUGS

drug resistance among tuberculosis patients, New York City, 1991 and 1992. a 632
experts predict vaccine for cervical cancer; FDA warns of breast drug. br 587
NICHD establishes network to test children's drugs. br 302
NIGMS issues booklets on pharmacology, research. br 718

EDITORIALS

keep up the progress on childhood immunization. 593
reinventing the Public Health Service—a look in a 50-year-old mirror. 466
the use of race and ethnicity in public health surveillance. 4

ELDERLY

AARP publishes study on elderly housing. br 461
change in the number of informal helpers of frail older persons. a 583
evaluation of group health cooperative of Puget Sound's senior influenza immunization program. a 571
factors affecting the frequency of health enhancing behaviors by the elderly. a 377
geriatric centers get $6.3 million to improve care for the elderly. br 831
the health burden of diabetes for the elderly in four communities. a 782
measuring the health related quality of life for public health surveillance. a 665
NIH panel urges increase in adult calcium intake. br 715
pictorial paradox: reminiscence therapy for nursing home elderly. abs 178
rehabilitation in the nursing home: how much, why, and with what results. a 372
research committee views aging population's effect on future policies. br 830
WHO publishes new booklets on aging workers, TB therapies. br 462
WHO scientific group formulates new research agenda on menopause. br 715

EPIDEMIOLOGY

applications of data from the CDC Family of Surveys. a 204
the concept of race and health status in America. a 26
conference report: microcomputers and the future of epidemiology. a 439
epidemiology in public health in the era of health care reform. a 1
epidemiology of fetal alcohol syndrome in American Indians, Alaskan Natives, and Canadian Aboriginals peoples: a review of the literature. a 688

the EPIGRAM computer program for analyzing mortality and population data sets. a 118
short course training in epidemiology and biostatistics for graduate and undergraduate public health professionals. a 434
survey of state health agencies' staff who practice the epidemiology of noninfectious diseases and conditions. a 112

ETHNICITY

a case study in the use of race and ethnicity in public health surveillance. a 46
a depression program for Korean Americans in Los Angeles. abs 177
issues regarding data on race and ethnicity: the Census Bureau experience. a 16
race and ethnicity in public health surveillance: criteria for the scientific use of social categories. a 7
the use of race and ethnicity in public health surveillance. e 4

EVALUATION

assessing prevention effectiveness using data to drive program decisions. a 187
evaluation of Group Health Cooperative of Puget Sound's senior influenza immunization program. a 571
evaluation of oral rehydration therapy in Matiguas, Nicaragua. a 428
evaluation of the consensus health status indicator for assessing adolescent pregnancies and births. a 579
money for guns: evaluation of the Seattle gun buy-back program. a 472
a screening survey to assess local public health performance. a 659

EXERCISE

Centennial Park—a public playground for the handicapped. abs 173
childhood obesity: school-based nutrition and exercise intervention. abs 179
factors affecting the frequency of health enhancing behaviors by the elderly. a 377
rehabilitation in the nursing home: how much, why, and with what results. a 372

FOOD (*see* NUTRITION)

FOOD AND DRUG ADMINISTRATION (FDA)

experts predict vaccine for cervical cancer; FDA warns of breast drug. br 587

GRANTS

HRSA awards cities $160 million in Ryan White AIDS grants. br 304
$2.2 million in research grants awarded to study U.S. health care issues. br 463

HANSEN'S DISEASE

the Gillis W. Long Hansen's Disease Center at Carville. chr 728
Public health applications of Hansen's disease research and treatment. a 818

HEAD START

high prevalence of overweight and short stature among Head Start children in Massachusetts. a 767

HEALTH AGENCIES

analyzing organizational practices in local health departments. a 485
cancer control planning and establishment of priorities for intervention by a state health department. a 791
implementing and asessing organizational practices in local health departments. a 478
Legislative Cardiovascular Health Check: a multidisciplinary health promotion experience for South Carolina lawmakers. a 368
local health department effectiveness in addressing the core functions of public health. a 653
a screening survey to assess local public health performance. a 659
state health agencies and the legislative policy process. a 361
universities as resources to state health agencies. a 761

HEALTH CARE POLICY

assessing prevention effectiveness using data to drive program decisions. a 187
HMOs to explore innovative care options for chronically ill. br 148
Legislative Cardiovascular Health Check: a multidisciplinary health promotion experience for South Carolina lawmakers. a 368
new NGA study examines Medicaid reimbursement for state, local clinics. br 463
states channel data resources to health care policy efforts. br 147
state health agencies and the legislative policy process. a 361
$2.2 million in research grants awarded to study U.S. health care issues. br 463

HEALTH CARE REFORM

epidemiology in public health in the era of health care reform. a 1
health care reform education campaign targets 'generation x.' br 590
national health overview shows one in five without health insurance coverage. br 713

HEALTH EDUCATION

a case study in planning for public health education: the organ and tissue donation experience. a 626
cholesterol screening in a community health promotion program: epidemiologic results from a biracial population. a 93
developing health education materials for inner-city low literacy parents. a 168
effectiveness of educational strategies preparing physician assistants, nurse practitioners, and certified nurse-midwives for underserved areas. a 673
evaluation of oral rehydration therapy in Matiguas, Nicaragua. a 428
health care reform education campaign targets 'generation x.' br 590
the impact of providing incentives for attendance at AIDS prevention sessions. a 548

materials and strategies that work in low literacy health communication. a 86
medical community involvement in a breast cancer screening promotional project. a 491
nutrition support group—a student project in public housing complex. abs 179
school-based programs to reduce sexual risk behaviors: a review of effectiveness. a 339
the urban church and cancer control: a source of social influence in minority communities. a 500
workshop on low literacy communication skills for health professionals. br 461

HEALTH INSURANCE

national health overview shows one in five without health insurance coverage. br 713

HEALTH PROFESSIONS

HHS, Johnson Foundation fund programs to produce more general physicians. br 588
HRSA awards $4.7 million for National Health Service Corps fellowships. br inside back cover May–June
increasing the pool of qualified minority medical school applicants: premedical training at historically black colleges and universities. a 77
medical community involvement in a breast cancer screening promotional project. a 491
President's committee publishes information on disabilities act. br inside back cover March–April
public health and the media in California: a survey of local health officers. a 284
rural health projects get $24.6 million. br inside back cover March–April
rural physician assistants: a survey of graduates of MEDEX Northwest. a 266
short course training in epidemiology and biostatistics for graduate and undergraduate public health professionals. a 434
survey of state health agencies' staff who practice the epidemiology of noninfectious diseases and conditions. a 112

HEALTH PROMOTION AND DISEASE PREVENTION

assessing prevention effectiveness using data to drive program decisions. a 187
cholesterol screening in a community health promotion program: epidemiologic results from a biracial population. a 93
developing health education materials for inner-city low literacy parents. a 168
IOC, WHO join forces for 'Sport and Health for All by the Year 2000.' br 151
tuberculosis prevention practices and perspectives of physicians in DeKalb County, GA. a 259
WHO issues drinking water guidelines for the 1990s. br 304

HEALTH RESOURCES AND SERVICES ADMINISTRATION (HRSA)

HRSA approves HIV–AIDS grants for adolescents, Native Americans. br 149
HRSA awards cities $160 million in Ryan White AIDS grants. br 304
HRSA awards $4.7 million for first National Health Service Corps fellowships. br inside back cover May–June
HRSA issues new profile of Hill-Burton Program. br 590
HRSA issues primer on physician workforce. br 718
rural health projects get $24.6 million. br inside back cover March–April

HEALTH SERVICES UTILIZATION

the concept of race and health status in America. a 26
the urban American Indian oversample in the 1988 National Maternal and Infant Health Survey. a 243

HEALTH STATUS

the concept of race and health status in America. a 26
evaluation of the consensus health status indicator for assessing adolescent pregnancies and births. a 579
measuring the health related quality of life for public health surveillance. a 665
relationship between socioeconomic status, health status, and lifestyle practices of American Indians: evidence from a Plains reservation population. a 405

HEART DISEASE AND STROKE

cholesterol screening in a community health promotion program: epidemiologic results from a biracial population. a 93
is the high ischemic heart disease mortality rate in New York State just an urban effect? a 567

HIGHWAY SAFETY

highway safety conference slated for March 1994 in Washington, DC. br 151

HISPANICS

the impact of the April 1992 civil unrest on the Los Angeles REI WIC program and its participants. a 606
peer discussions of cancer among Hispanic migrant farm workers. a 512
the relationship between language spoken and smoking among Hispanic-Latino youth in New York City. a 421
self-reported awareness of the presence of product warning messages and signs by Hispanics in San Francisco. a 275
the urban church and cancer control: a source of social influence in minority communities. a 500

HISTORY

the Cadet Nurse Corps, 1943–48. chr 455
celebrating 75 years of the Dental Corps; origins and early years of service. chr 710
the Gillis W. Long Hansen's Disease Center at Carville. chr 728
a new mandate for public health. chr 469
the passage and significance of the 1944 Public Health Service Act. a 721
Public health applications of Hansen's disease research and treatment. a 818
Public Health Service Act, 1944. br 468
the Public Health Service and the nations health care in the post-World War II era. a 725
reinventing the Public Health Service—a look in a 50-year-old mirror. e 466

HIV COUNSELING AND TESTING

admissions of injection drug users to drug abuse treatment following HIV counseling and testing. a 212
misdiagnosed HIV infection in pregnant women: implications for clinical care. a 694
profile of HIV seropositive inmates diagnosed in Maryland's state correctional system. a 756
a state program for postpartum HIV counseling and testing. a 521

HIV INFECTION (*see also* AIDS)

admissions of injection drug users to drug abuse treatment following HIV counseling and testing. a 212
applications of data from the CDC Family of Surveys. a 204
AZT reduces maternal HIV transmission rate. br 718
comparison of HIV risk behaviors and demographics of adolescents tested or not tested for HIV infection. a 699
defining and measuring the costs of the HIV epidemic to business firms. a 311
educating primary care providers about HIV disease: multidisciplinary interactive mechanisms. a 305
foster care of HIV-positive children in the United States. a 60
HIV education for the deaf, a vulnerable minority. a 390
HIV prevention in prisons and jails: obstacles and opportunities. a 615
HIV risk 10 times higher for migrant farmworkers. br 459
HRSA approves HIV–AIDS grants for adolescents, Native Americans. br 149
HRSA awards cities $160 million in Ryan White AIDS grants. br 304
the impact of providing incentives for attendance at AIDS prevention sessions. a 548
misdiagnosed HIV infection in pregnant women: implications for clinical care. a 694
new guidelines issued for primary care of people with HIV. br 458
NIH to study immune system supplement in HIV-infected women. br 458
NLM offers free access to electronic AIDS data. br inside back cover March–April
perceived versus actual condom skills among clients at sexually transmitted disease clinics. a 683
profile of HIV seropositive inmates diagnosed in Maryland's state correctional system. a 756
risk behavior for HIV transmission among gay men surveyed in Seattle bars. a 563

HOMELESS

International Journal of the Addictions seeks input for special issue. br 718

HOSPITALS

drug use occupies emergency rooms, public opinion polls. br 586
guidelines for designing rapid assessment surveys of HIV seroprevalence among hospitalized patients. a 53
Project MotherCare: one hospital's response to the high perinatal death rate in New Haven, CT. a 647

HOUSING

AARP publishes study on elderly housing. br 461

IMMUNIZATION

evaluation of Group Health Cooperative of Puget Sound's senior influenza immunization program. a 571
keep up the progress on childhood immunization. e 593
progress on the childhood immunization initiative. a 594
a proposal to use neighborhood pharmacists as immunization advocates. abs 174
WHO issues vaccination requirements for 1994 international travel. br 591

INFANTS

evaluation of oral rehydration therapy in Matiguas, Nicaragua. a 428
hazardous bedding may cause some cases of sudden infant death. br 459
infants and toddlers exposed to violence subject of new report. br 459
keep up the progress on childhood immunization. e 593
prevalence of prone sleeping position and selected infant care practices of North Dakota infants: a comparison of whites and Native Americans. a 446

INFECTIOUS DISEASE

applications of data from the CDC Family of Surveys. a 204
the Centers for Disease Control and Prevention issues plan to address emerging infectious diseases. br inside back cover September–October
defining and measuring the costs of the HIV epidemic to business firms. a 311
keep up the progress on childhood immunization. e 593
plague still a world killer, WHO warns. br 717
progress on the childhood immunization initiative. a 594

INFLUENZA

evaluation of group health cooperative of Puget Sound's senior influenza immunization program. a 571

INJURY (*see also* VIOLENCE)

health care barriers and interventions for battered women. a 328
lower legal blood alcohol limits for young drivers. a 738
med students, community join in Cherokee model to prevent child injury. abs 173
prevalence of risk factors for residential fire and burn injuries in an American Indian community. a 702
rates of bicycle helmet use in an affluent Michigan county. a 296
reducing repetitive motion injuries with preventive ergonomic strategies. abs 182

LATINOS (*see* HISPANICS)

LYME DISEASE

antibiotic therapy for Lyme disease in Maryland. a 745

MALARIA

global malaria vaccine effort under way. br inside back cover May–June

MAMMOGRAPHY

mammography and Pap smear screening of Yaqui Indian women. a 99
medical community involvement in a breast cancer screening promotional project. a 491
a nurse-delivered intervention to reduce barriers to breast and cervical cancer screening in Chicago inner city clinics. a 104
the urban church and cancer control: a source of social influence in minority communities. a 500

MARKETING

a private sector view of health, surveillance, and communities of color. a 42

MATERNAL AND INFANT HEALTH

AZT reduces maternal HIV transmission rate. br 718
comparing mothers' reports on the content of prenatal care received with recommended national guidelines for care. a 637
consensus conference on corticosteroids' perinatal effect planned. br 150
epidemiology of fetal alcohol syndrome in American Indians, Alaskan Natives, and Canadian Aboriginals peoples: a review of the literature. a 688
prenatal care needs assessment comparing service use and outcomes in Fresno, CA. a 68

MEASLES

progress on the childhood immunization initiative. a 594

MEDICAID

cash subsidies to medically indigent women: incentive for use of prenatal care. abs 175
new NGA study study examines Medicaid reimbursement for state, local clinics. br 463

MEDICAL EDUCATION

educating primary care providers about HIV disease: multidisciplinary interactive mechanisms. a 305
HHS, Johnson Foundation fund programs to produce more general physicians. br 588
increasing the pool of qualified minority medical school applicants: premedical training at historically black colleges and universities. a 77
NCI offers fellowships in cancer prevention. br 588
the Report to Congress on the appropriate Federal role in assuring access by medical students, residents, and practicing physicians to adequate training in nutrition. a 824
rural physician assistants: a survey of graduates of MEDEX Northwest. a 266
WHO AIDS program director calls for revamping of medical education. br 150

MENTAL HEALTH

a community project to encourage compliance with mental health treatment aftercare. a 153
a depression program for Korean Americans in Los Angeles. abs 177
journal seeks manuscripts on mental disorder, substance abuse tie-in. br 461
mental disorders in primary care services: an update. a 251
pictorial paradox: reminiscence therapy for nursing home elderly. abs 178

MIGRANTS' HEALTH

HIV risk 10 times higher for migrant farmworkers. br 459
peer discussions of cancer among Hispanic migrant farm workers. a 512
a rural-urban comparative study of nonphysician providers in community and migrant health centers. a 809

MINORITIES (*see also* ETHNICITY, RACE)

behavioral risk factors of Chippewa Indians living on Wisconsin reservations. a 820
the concept of race and health status in America. a 26
cross-cultural AIDS teaching teams can reach diverse Asian groups. abs 176
a depression program for Korean Americans in Los Angeles. abs 177
grants to 11 communities target cultural barriers to health care. br 462
the impact of the April 1992 civil unrest on the Los Angeles REI WIC program and its participants. a 606
peer discussions of cancer among Hispanic migrant farm workers. a 512
a private sector view of health, surveillance, and communities of color. a 42

the urban American Indian oversample in the 1988 National Maternal and Infant Health Survey. a 243
the urban church and cancer control: a source of social influence in minority communities. a 500

MORBIDITY AND MORTALITY

activities associated with drownings in Imperial County, CA 1980–90: implication for prevention. a 290
the EPIGRAM computer program for analyzing mortality and population data sets. a 118
homicide leading cause of worker deaths in five states, DC. br 302
is the high ischemic heart disease mortality rate in New York State just an urban effect? a 567

MUMPS

progress on the childhood immunization initiative. a 594

NATIONAL CANCER INSTITUTE

experts predict vaccine for cervical cancer; FDA warns of breast drug. br 587
NCI offers fellowships in cancer prevention. br 588

NATIONAL CENTER FOR HEALTH STATISTICS

National Center for Health Statistics Data Line. br 143, br 450, br 592, br 713, br 827
the urban American Indian oversample in the 1988 National Maternal and Infant Health Survey. a 243

NATIONAL INSTITUTES OF HEALTH (NIH)

NIH to study immune system supplement in HIV-infected women. br 458
NIH panel urges increase in adult calcium intake. br 715
NIAMS funds three new skin research centers. br 832

NATIONAL LIBRARY OF MEDICINE

National Library of Medicine offers new data base for research. br 461
new full-text retrieval service offers clinical practice guidelines. br 716
NLM offers free access to electronic AIDS data. br inside back cover March–April

NATIVE AMERICANS

behavioral risk factors of Chippewa Indians living on Wisconsin reservations. a 820
epidemiology of fetal alcohol syndrome in American Indians, Alaskan Natives, and Canadian Aboriginals peoples: a review of the literature. a 688
HRSA approves HIV–AIDS grants for adolescents, Native Americans. br 149
mammography and Pap smear screening of Yaqui Indian women. a 99
Native Americans get $2.2 million to fight substance abuse. br 460
prevalence of prone sleeping position and selected infant care practices of North Dakota infants: a comparison of whites and Native Americans. a 446
prevalence of risk factors for residential fire and burn injuries in an American Indian community. a 702
relationship between socioeconomic status, health status, and lifestyle practices of American Indians: evidence from a Plains reservation population. a 405
substance dependent American Indian veterans: a national evaluation. a 235
the urban American Indian oversample in the 1988 National Maternal and Infant Health Survey. a 243

NURSES

the Cadet Nurse Corps, 1943–48. chr 455
conferences to define standardized curriculum for advanced nurses. br 720
a nurse-delivered intervention to reduce barriers to breast and cervical cancer screening in Chicago inner city clinics. a 104

NURSING HOMES

pictorial paradox: reminiscence therapy for nursing home elderly. abs 178
rehabilitation in the nursing home: how much, why, and with what results. a 372

NUTRITION

characterizing nutrient intakes of children by sociodemographic factors. a 414
childhood obesity: school-based nutrition and exercise intervention. abs 179
the impact of the April 1992 civil unrest on the Los Angeles REI WIC program and its participants. a 606
NIH panel urges increase in adult calcium intake. br 715
nutrition support group—a student project in public housing complex. abs 179
the Report to Congress on the appropriate Federal role in assuring access by medical students, residents, and practicing physicians to adequate training in nutrition. a 824
symposium report. Nutrition at school: preparing for the future. a 706

OCCUPATIONAL SAFETY AND HEALTH

homicide leading cause of worker deaths in five states, DC. br 302
reducing repetitive motion injuries with preventive ergonomic strategies. abs 182

ORGAN DONATION AND TRANSPLANTATION

a case study in planning for public health education: the organ and tissue donation experience. a 626
organ donations increased in 1993, new figures show. br 464

PERINATAL CARE (*see* INFANTS, MATERNAL AND INFANT HEALTH, PRENATAL CARE)

PHS CHRONICLES

the Cadet Nurse Corps, 1943–48. 455
celebrating 75 years of the Dental Corps: origins and early years of service. 710
the Gillis W. Long Hansen's Disease Center at Carville. 728
a new mandate for public health. 469

PHYSICIANS

a community view of smoking cessation counseling in the practices of physicians and dentists. a 135
education of rural physicians about breast cancer through an oncology outreach program. a 804
HHS, Johnson Foundation fund programs to produce more general physicians. br 588
HRSA issues primer on physician workforce. br 718
medical community involvement in a breast cancer screening promotional project. a 491
new guidelines issued for primary care of people with HIV. br 458

POPULATION STUDIES

the concept of race and health status in America. a 26
the EPIGRAM computer program for analyzing mortality and population data sets. a 118
is the high ischemic heart disease mortality rate in New York State just an urban effect? a 567
measuring the health related quality of life for public health surveillance. a 665

PRENATAL CARE

cash subsidies to medically indigent women: incentive for use of prenatal care. abs 175
comparing mothers' reports on the content of prenatal care received with recommended national guidelines for care. a 637
consensus conference on corticosteroids' perinatal effect planned. br 150
the Minnesota Prenatal Care Coordination Project: successes and obstacles. a 774
misdiagnosed HIV infection in pregnant women: implications for clinical care. a 694
money isn't everything: rural physicians identify other factors that facilitate providing prenatal care for low-income women. a 441
preconception counseling workshop aims to prevent high-risk outcomes of pregnancy. abs 176
prenatal care needs assessment comparing service use and outcomes in Fresno, CA. a 68
Project MotherCare: one hospital's response to the high perinatal death rate in New Haven, CT. a 647
the urban American Indian oversample in the 1988 National Maternal and Infant Health Survey. a 243

PREVENTION

activities associated with drownings in Imperial County, CA, 1980–90: implications for prevention. a 290
the AIDS prevention magic show: avoiding the tragic with magic. a 162
assessing prevention effectiveness using data to drive program decisions. a 187
building a community-based consortium for AIDS patient services. a 555
call for presentations issued for 1995 meeting on preventive medicine. br 716
factors influencing the return rate in a direct mail campaign to inform minority women about prevention of cervical cancer. a 507
HIV prevention in prisons and jails: obstacles and opportunities. a 615
the impact of providing incentives for attendance at AIDS prevention sessions. a 548
money for guns: evaluation of the Seattle gun buy-back program. a 472
NCI offers fellowships in cancer prevention. br 588
NIH panel urges increase in adult calcium intake. br 715
public knowledge of prevention of dental disease. a 397
reducing repetitive motion injuries with preventive ergonomic strategies. abs 182

PRIMARY CARE

educating primary care providers about HIV disease: multidisciplinary interactive mechanisms. a 305
factors affecting the frequency of health enhancing behaviors by the elderly. a 377
mental disorders in primary care services: an update. a 251
new full-text retrieval service offers clinical practice guidelines. br 716
new guidelines issued for primary care of people with HIV. br 458
primary health care and the Midwest flood disaster. a 601
rural physician assistants: a survey of graduates of MEDEX Northwest. a 266
a rural-urban comparative study of nonphysician providers in community and migrant health centers. a 809
second national primary care conference scheduled for Sept. 11–13 in Dallas. br 589

PRISON AND JAIL INMATES

HIV prevention in prisons and jails: obstacles and opportunities. a 615
profile of HIV seropositive inmates diagnosed in Maryland's state correctional system. a 756
sexual risk behavior of incarcerated, drug-using women, 1992. a 539

PRODUCT WARNING MESSAGES

self-reported awareness of the presence of product warning messages and signs by Hispanics in San Francisco. a 275

Public Health Service—Goma, Zaire team aids Rwandan children. br inside back cover November-December
reinventing the Public Health Service—a look in a 50-year-old mirror. e 466
states get $2.5 million from PHS for rural health. br 148

RACE

the concept of race and health status in America. a 26
issues regarding data on race and ethnicity: the Census Bureau experience. a 16
a private sector view of health, surveillance, and communities of color. a 42
race and ethnicity in public health surveillance: criteria for the scientific use of social categories. a 7
the use of race and ethnicity in public health surveillance. e 4

RADIATION

dramatic increase in thyroid cancer among Chernobyl children. br 303
the health effects of ionizing radiation: a survey of local health officials in New England and New York. a 219

REHABILITATION

factors affecting the frequency of health enhancing behaviors by the elderly. a 377
rehabilitation in the nursing home: how much, why, and with what results. a 372

RESEARCH

National Library of Medicine offers new data base for research. br 461
NIAMS funds three new skin research centers. br 832
NICHD funds studies of contraceptive vaccines. br 302
$2.2 million in research grants awarded to study U.S. health care issues. br 463
WHO scientific group formulates new research agenda on menopause. br 715
universities as resources to state health agencies. a 761

REVIEWERS

to reviewers, a note of thanks. br 452

RISK ASSESSMENT

applications of data from the CDC Family of Surveys. a 204
behavioral risk factors of Chippewa Indians living on Wisconsin reservations. a 820
comparison of HIV risk behaviors and demographics of adolescents tested or not tested for HIV infection. a 699
prevalence of risk factors for residential fire and burn injuries in an American Indian community. a 702
the urban American Indian oversample in the 1988 National Maternal and Infant Health Survey. a 243

RUBELLA

progress on the childhood immunization initiative. a 594

RURAL HEALTH

evaluation of oral rehydration therapy in Matiguas, Nicaragua. a 428
HIV risk 10 times higher for migrant farmworkers. br 459
money isn't everything: rural physicians identify other factors that facilitate providing prenatal care for low-income women. a 441
rural health projects get $24.6 million. br inside back cover March–April
rural physician assistants: a survey of graduates of MEDEX Northwest. a 266
a rural-urban comparative study of nonphysician providers in community and migrant health centers. a 809
states get $2.5 million from PHS for rural health. br 148

SCREENING

applications of data from the CDC Family of Surveys. a 204
$18.4 million to states for breast and cervical cancer screening. br 149
mammography and Pap smear screening of Yaqui Indian women. a 99

a nurse-delivered intervention to reduce barriers to breast and cervical cancer screening in Chicago inner city clinics. a 104

SERVICE USE

prenatal care needs assessment comparing service use and outcomes in Fresno, CA. a 68

SEX EDUCATION

perceived versus actual condom skills among clients at sexually transmitted disease clinics. a 683
school-based programs to reduce sexual risk behaviors: a review of effectiveness. a 339

SEXUALLY TRANSMITTED DISEASES (*see also* AIDS, HIV INFECTION)

misdiagnosed HIV infection in pregnant women: implications for clinical care. a 694
perceived versus actual condom skills among clients at sexually transmitted disease clinics. a 683

SHORTAGE AREAS

effectiveness of educational strategies preparing physician assistants, nurse practitioners, and certified nurse-midwives for underserved areas. a 673

SKIN

NIAMS funds three new skin research centers. br 832

SMOKING BEHAVIOR, CESSATION

behavioral risk factors of Chippewa Indians living on Wisconsin reservations. a 820
a community view of smoking cessation counseling in the practices of physicians and dentists. a 135
public attitudes about cigarette smoking: results from the 1990 Smoking Activity Volunteer Executed Survey. a 125
the relationship between language spoken and smoking among Hispanic-Latino youth in New York City. a 421
smoking cessation guideline panel formed. br 719

SOCIOECONOMIC STATUS AND HEALTH

characterizing nutrient intakes of children by sociodemographic factors. a 414
the concept of race and health status in America. a 26

STATE HEALTH DEPARTMENTS

cancer control planning and establishment of priorities for intervention by a state health department. a 791
Legislative Cardiovascular Health Check: a multidisciplinary health promotion experience for South Carolina lawmakers. a 368
state health agencies and the legislative policy process. a 361
universities as resources to state health agencies. a 761

STATES

antibiotic therapy for Lyme disease in Maryland. a 745
$18.4 million to states for breast and cervical cancer screening. br 149
high prevalence of overweight and short stature among Head Start children in Massachusetts. a 767
homicide leading cause of worker deaths in five states, DC. br 302
is the high ischemic heart disease mortality rate in New York State just an urban effect? a 567
Legislative Cardiovascular Health Check: a multidisciplinary health promotion experience for South Carolina lawmakers. a 368
the Minnesota Prenatal Care Coordination Project: successes and obstacles. a 774
new NGA study study examines Medicaid reimbursement for state, local clinics. br 463
profile of HIV seropositive inmates diagnosed in Maryland's state correctional system. a 756
states channel data resources to health care policy efforts. br 147
states get $2.5 million from PHS for rural health. br 148

STATISTICS

abstracts sought for 1995 symposium on small area public health statistics. br inside back cover May–June

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION (SAMHSA)

drug use occupies emergency rooms, public opinion polls. br 586
1992 emergency room visits for drug treatment increased by 10 percent. br 145

SURVEILLANCE

applications of data from the CDC Family of Surveys. a 204
a case study in the use of race and ethnicity in public health surveillance. a 46
measuring the health-related quality of life for public health surveillance. a 665
a private sector view of health, surveillance, and communities of color. a 42
the use of race and ethnicity in public health surveillance. e 4

SURVEY ACTIVITIES

applications of data from the CDC Family of Surveys. a 204
comparison of HIV risk behaviors and demographics of adolescents tested or not tested for HIV infection. a 699
drug use occupies emergency rooms, public opinion polls. br 586
guidelines for designing rapid assessment surveys of HIV seroprevalence among hospitalized patients. a 53
the health effects of ionizing radiation: a survey of local health officials in New England and New York. a 219
prevalence of medical technology assistance among children in Massachusetts in 1987 and 1990. a 226
public attitudes about cigarette smoking: results from the 1990 Smoking Activity Volunteer Executed Survey. a 125
rural physician assistants: a survey of graduates of MEDEX Northwest. a 266
a screening survey to assess local public health performance. a 659
survey of state health agencies' staff who practice the epidemiology of noninfectious diseases and conditions. a 112
tuberculosis prevention practices and perspectives of physicians in DeKalb County, GA. a 259
the urban American Indian oversample in the 1988 National Maternal and Infant Health Survey. a 243

TEENAGE, TEENS (*see* ADOLESCENTS)

TUBERCULOSIS (TB)

drug resistance among tuberculosis patients, New York City, 1991 and 1992. a 632
implications of directly observed therapy in tuberculosis control measures among IDUs. a 319
lifestyle changes linked to global increase in diabetes, experts say. br 831
OTA advises Congress on options for dealing with TB outbreak. br 151
TB deaths increasing in Eastern Europe. br 717
tuberculosis prevention practices and perspectives of physicians in DeKalb County, GA. a 259
WHO AIDS book describes 'images of the epidemic.' br 590
WHO announces new TB control initiative. br 589
WHO publishes new booklets on aging workers, TB therapies. br 462

VACCINES

age-specific incidence of chickenpox. a 750
experts predict vaccine for cervical cancer; FDA warns of breast drug. br 587
global malaria vaccine effort under way. inside back cover May–June
keep up the progress on childhood immunization. e 593
NICHD funds studies of contraceptive vaccines. br 302
progress on the childhood immunization initiative. a 594

VIOLENCE

homicide leading cause of worker deaths in five states, DC. br 302
infants and toddlers exposed to violence subject of new report. br 459
money for guns: evaluation of the Seattle gun buy-back program. a 472
a peer education program to promote the use of conflict resolution skills among at-risk school age males. a 158

VITAL STATISTICS

the EPIGRAM computer program for analyzing mortality and population data sets. a 118

WIC PROGRAM (SPECIAL SUPPLEMENTAL FOOD PROGRAM FOR WOMEN, INFANTS, AND CHILDREN)

the impact of the April 1992 civil unrest on the Los Angeles REI WIC program and its participants. a 606

WOMEN (*see also* MATERNAL AND INFANT HEALTH)

comparing mothers' reports on the content of prenatal care received with recommended national guidelines for care. a 637
experts predict vaccine for cervical cancer; FDA warns of breast drug. br 587
health care barriers and interventions for battered women. a 328
mammography and Pap smear screening of Yaqui Indian women. a 99
medical community involvement in a breast cancer screening promotional project. a 491
misdiagnosed HIV infection in pregnant women: implications for clinical care. a 694
money isn't everything: rural physicians identify other factors that facilitate providing prenatal care for low-income women. a 441
NICHD funds studies of contraceptive vaccines. br 302
NIH panel urges increase in adult calcium intake. br 715
NIH to study immune system supplement in HIV-infected women. br 458
a nurse-delivered intervention to reduce barriers to breast and cervical cancer screening in Chicago inner city clinics. a 104
prevalence of illicit drugs detected in the urine of women of childbearing age in Alabama public health clinics. a 530
sexual risk behavior of incarcerated, drug-using women, 1992. a 539
the urban church and cancer control: a source of social influence in minority communities. a 500
WHO scientific group formulates new research agenda on menopause. br 715

WORKSITE

homicide leading cause of worker deaths in five states, DC. br 302
WHO publishes new booklets on aging workers, TB therapies. br 462

WORLD HEALTH ORGANIZATION (WHO)

dramatic increase in thyroid cancer among Chernobyl children. br 303
experts predict vaccine for cervical cancer; FDA warns of breast drug. br 587
IOC, WHO join forces for 'Sport and Health for All by the Year 2000.' br 151
plague still a world killer, WHO warns. br 717
revolutionary new procedure for treating dental caries unveiled. br 719
TB deaths increasing in Eastern Europe. br 717
WHO AIDS program director calls for revamping of medical education. br 150
WHO announces new TB control initiative. br 589
WHO: asbestos in drinking water no health hazard. br 716
WHO issues drinking water guidelines for the 1990s. br 304
WHO issues vaccination requirements for 1994 international travel. br 591
